HIT MUSICAL "FIORELLO" AT GOULD ACADEMY NOV. 8

On Nov. 8 at 8 p. m., Gould Academy will present the Pulitzer prize winning musical, Fiorello. First produced on Broadway in 1959, this show tells the story of the budding career of the scrappy young lawyer Fiorello H. LaGuardia. A man on the side of the people, he fights the police and the sweatshop owners to win a seat in Congress. Then making himself unpopular by advocating American intervention in World War I he enlists and departs for France as a fighter pilot. After the war and back in New York LaGuardia decides to run for Mayor but takes a terrible shellacking at the hands of Tammany's Jimmy Walker. The story closes as Walker is on his way out and Fiorello in, following Judge Samuel Seabury's investigation of Tammany corruption.

The play is accented with lively and bright musical numbers reminiscent of the period from 1914 to 1934. Wistfully interlarded into the political plot we see his great love for the lady who became his first wife, her tragic death and the mayor's second marriage to his devoted office assistant who had pined for him for many years.

The Gould cast for this production includes students from many parts of the United States as well as France and Germany. They are: Will Moffett, Dieder Sullivan, Doug Little, Ray Jackson, Debby Sheinberg, Ina Shea, John Ruryan, Tim Dolven, Jon Carr, Dave

Monaghan, Nat Rogers, Kim Beal, Ricky Rodriguez, Doris Armstrong, Lisa Labnon, Sabina Winter, Robin Sprague and Sylvie Duseaux. The production, under the direction of Carol Fiske, accompanied on the piano by Frank Fiske, will focus on the color and spirit of the times. Scenery has been designed and executed by Linda Calderon and students in her art classes.

No admission will be charged and the public is cordially invited to share a lively evening with Gould students in Bingham Hall on Nov. 8.

TELSTAR FIELD HOCKEY CAPTURES MVC TITLE FOR SECOND STRAIGHT YEAR
On Wednesday, Oct. 29, the Telstar Varsity Field Hockey team tied their final game against Livemore Falls which established them as the Mountain Valley Conference Champions of the 1975 season. This is the second year the varsity squad has reigned as champions and is a testimony of the training skill of their coach, Kathryn Dunham, and the dedication of the team towards their goal.

The Telstar girls tallied a total of 42 in-season goals this year; while Senior Varsity Goalkeeper, Jackie Gammon, allowed only 8 scores by her opposition. Junior, Vikki Learned, established a new school record by scoring a high of 21 goals. Comments throughout the hockey season attested to the precision playing abilities of this outstanding varsity squad. Senior attack Wings, Irene Howe and Kathy Richardson, aided by Sophomore Inners, Priscilla Webster and Manya Dombkowski, proved to be an overwhelming scoring threat to most of the conference teams. The awesome Telstar defense anchored by Senior Hallback Nancy Dock and Senior Fullback Sylvie Lamontagne capitalized on key interceptions and accurate passes and tackles throughout the season to push their team toward the conference title. Juniors Gall Dooen, Nancy Brown, and Sophomore Terri Wright provided the extra power of this fine varsity defense.

The squad members are very proud of their 8-0-3 record and their handsome trophy. It is hoped that all S. A. D. #44 residents are aware of the upgrading of Girls athletics and hope that they realize how much other schools respect their girls of Telstar Regional High School when they take the field.

Bethel Head Start

We had our Halloween Party on Thursday, Oct. 30. Each child got to wear the paper bag mask he had made. We modeled the masks for our guests in a horrible parade. During the party we bobbed for apples, sang some special songs and played "pin the face" on the pumpkin.

Mothers and guests attending the party were, Jean Monzo, Sharon Rice, Mary Murphy, Lois Day, Evelyn Gonzalez, Judy Lamontagne, Cindy Heath and Jerrad, Norman Stone, and Joyce Hoyt who made and decorated the Halloween cake.

We started our week of with a bang, or should we say a strike. We all went BOWLING! Right after breakfast we journeyed to Oxford Bowling Lanes in Rumford where we all got a chance to try the sport. We had bowlers that sent the ball whizzing down the alley, we had bowlers who favored the gutter, and we had bowlers who barely lobbed the ball down the alley. But above all, all our bowlers were great and each one had perfected his own technique by the time we left. From bowling we went over to McDonald's where we had lunch. Each child came home with a Ronald McDonald puppet and a box of McDonald cookies.

On Tuesday, Judy took us all to her house where we enjoyed her backyard and sunny porch. Our Dental exams begin next week. We will be going to Dr. Rice's in Norway.

M. S. A. D. #44 BOARD MEETS

continued from Page One
in the local newspaper, based upon a job description included in the interim report of the Select Committee.

Mr. Kinney is to contact the District's insurance agent with regard to burglary and theft insurance for district facilities. Provisions for recommendations on the matter is to be included on the agenda for the next regular board session.

The directors instructed their chairman to appoint a member of the board to serve on the Positive Action Committee. The board approved the appointment of Telstar Principal Brian Flynn to serve on the committee as a representative of administration. Two members of the committee are to be selected by the Telstar Educators Association. Also to serve on the committee are two junior high and two senior high students, currently enrolled; three drop-outs who have voluntarily withdrawn from school within the past three years; and two parents with children enrolled. This committee will have the responsibility for developing a plan to reduce drop-outs.

Following extended discussion of the merits of an additional assistant basketball coach for boys versus the budgetary squeeze within the district, the board voted not to approve the appointment of Donald Hebert to the position.

The board voted not to allocate an additional \$424 to be used toward the cost of skiways and ski slopes for the Telstar ski team. At the Oct. 6 meeting the board approved \$1,376 to be used toward an unexpected expense of \$1,800 for the use of ski areas. Brian Flynn, Telstar principal, was instructed by Mr. Kinney to make arrangements through appropriate channels to confirm an arrangement with Mt. Abram Ski Slopes for use of a skiing area. Any balance due in excess of allocated district funds of \$1,376 to be met by fund-raising activities from other sources.

Board members not present Monday evening were: Betty Ann Hastings, Bethel; Charles Haegle, Newry; Parker Allen, Annie Rosenberg, Woodstock.

The next regular session of the board will be held at Telstar High School on Monday evening, Nov. 17.

was on his way to work when he spotted the blaze. The firemen responded quickly to the call and were very thankful to find the wind blowing in the direction away from the camps on the other side of the road. By 7 a. m. Greenwood was able to return home leaving the fire nearly out and under the capable control of the Woodstock Fire Department. Upon their return they found coffee and doughnuts waiting provided by members of the Women's Auxiliary. Tuesday the Fire Department was called to the Ekko plant docks where a machine used to warm tar for the tarring of the roofs had overheated and caught fire. Prompt action by the men using the machine averted a worse situation as they had removed the propane gas tanks used as fuel on the machine as soon as the fire was spotted. The Fire Department used foam to extinguish the smoky blaze and then cooled everything down with water. The machine was a total loss.

W.W.C.A. PROVIDING REGISTRATION SYSTEM FOR BICYCLES
A brand new organization is finally doing something about the problem of lost and stolen bicycles. World Wide Cycling Association with international headquarters in Cincinnati, Ohio, is providing a registration system for bicycles all over the world and is now offering this service to bike owners in this area.

All registered bicycles are engraved in four places with an identification number which is recorded in their central office so that information is available to law enforcement officials and bike owners to assist in the return of recovered bicycles, no matter what city, state or country of their origin. In addition WWCA offers a \$100 award for any information leading to the arrest and conviction of anyone found guilty of stealing a member's bicycle.

Registration in this bike identification organization is accomplished by mailing in a small registration card, which is available locally at Clukey's Pharmacy or Rancourt's Corner Store. Mr. and Mrs. Floyd Verrill of Concord, Mass., are spending a few days, closing their place for the winter. They will not be here again until time to tap the maples.

Mr. and Mrs. Floyd Verrill entertained an old friend from Rumford to dinner Sunday.

Dr. and Mrs. Roland Ferry of Vermont, spent last week at the Morrison place in Ketchum. None of their children were able to come with them. They went home Sunday after calling on Julia Fleet.

Well, some snow passed over and around us this week. All we had was a very few scattered flakes. All the garden vegetables and apples are harvested on this end of the valley.

ANDOVER HALLOWEEN PARTY — Ricky and Debbie Bodwell entertained at a Halloween Party at their home Friday night.

All the children were in costume and were treated to a "haunted house". Games and refreshments were enjoyed.

Those present were Todd Porter (who assisted with the haunted house), Heidi Porter, Val Morton, Zandy Morton, Jon Akers, Penny Percival, Chris Percival, Steve Learned, Linda Learned, Karen Simmons.

The proposed Gun Laws remind me of the two young boys who tried unsuccessfully to shoot crows. After some time they acquired some pigeons and picked these off easily. The pigeons have long since become carrion for the crows. If the CIA under investigation can spell out so clearly the grave danger this country faces, other sources substantiate this and government tries to make pigeons of us, we'd best learn not to sit on roof tops and coo.

The Halloween party held at the Ladies Aid building was very much enjoyed. Some of the adults came in costume which added much to the hilarity. The children played games, won prizes and were given bagsful of goodies. A couple of dogs came in as the party was ending and created a bit of disturbance.

Elsie Fuller spent a few days with her brother and family in Pownal. She attended the funeral of her sister-in-law who died Thursday.

Joe Hunahan has moved into his camp on Route 26 after spending the past several months in Massachusetts.

The weather remains unusually warm for this time of year. There were a few snow flurries one morning in late October.

The Belfords have moved into the Lou Charron place for the winter. Roberta and Scot returned from the hospital, Thursday.

Lou Charron underwent surgery last week. It was reported as successful and that he is on the road to recovery.

Mae Goodrum is canvassing with a petition to hold a special town meeting to vote to rescind the high school transportation payment.

Greenwood City — North Woodstock — West Greenwood — East Bethel

— Mrs. Collette Morgan, Corres. —

October's last week is surely one to remember. No matter what the season there is always something worth seeing. Our walks have been along an old road and on the Appalachian trails where there was a sea of spruce tops, dark green, with leaves still yellow on birches just down slope and in the wet lands, the tamaracks. This conifer tree has a double face. One graceful and friendly, as just now before it sheds. The other face is somber and forbidding.

These paths, earlier paved with gold, wound through miles of fine timber, some as carefully managed as a farmer's crop of corn. Every mountain valley has its own fern-bordered brook rushing among mossy rocks but one of the prettiest I have ever seen was in Bickford Brook where we visited a series of unusual beauty. However, we weren't quite prepared for the steepness which led to the lower slide. But we had no intention of turning back from this natural beauty, with a quiet and compelling charm. We used our own "slide" to gain a perch where we ate lunch and were swallowed up in an undisturbed forest, trees crowding together to close out the modern world. Mysterious fissures wound through towering rocks. Waterfalls with a rippling brook came from these providing a natural accompaniment to the scenery. We enjoyed this pristine retreat high above a pool so clear and green that every pebble could be plainly seen. The whole effect was delightfully bewildering. We knew we could descend (slide) to the edge of this pool, hoping that we wouldn't have to go further down stream. But looking around the bend of a rocky cave there was no trail down stream! We either had to climb back or go up the other side; steep but not quite like our down slide. A short cut with Ruth in the lead, Fay and I following. (How Ruth can climb!) took us toward the upper flumes and slides. However we crossed the brook. At this point we were almost chained to the spot, reluctant to leave because of the moss covered rocks over which the water was like millions of diamonds sun tipped on green velvet. We reached the trail; down this time. The path was ankle deep in beech leaves from those old gray elephants of the forest. Much of the way a sturdy stone wall divided the trail from the lower valley. We wondered why.

As we scuffed this trail which wandered along as erratically as a ribbon dropped by a careless girl, the beech leaves were replaced by oak, so obvious that we immediately noted the change.

No one knew what time it was. And what did it matter? We had no other appointments than those with nature. We were grateful for three things; gifts that today's world seems to seek without finding: freedom and quiet and peace.

When we sat down to rest the silence was intense for our clumsy feet had been making a dreadful ruckus among the leaves, not oppressive but pervasive; seeming to cover the whole earth. Sun light found its way through branches and made bright splashes on the fallen leaves. From down the valley came the sound of a dog. We were most back to where we had left the car.

Homeward bound there came the sunset hour and the changing

Hallowe'en evening was very quiet here. I had only nine little "ghosts" this year. Several older ones were attending a football game or had outgrown the game of trick or treat.

Doris Hayes and I joined seven other teachers at the home of Lyndell Farr in West Paris on Friday for dinner. MARY TIBBETTS FREEMAN

Mary Tibbetts Freeman died on Nov. 2, 1975 after a long illness which she confronted with great dignity and courage. She was born in Bethel, the daughter of Dr. and Mrs. Raymond R. Tibbetts and graduated from Gould Academy in 1934 as valedictorian of her class. She graduated from Wheaton College, Norton, Mass., with highest honors in 1938 and received the degree of Dr. of Philosophy from Cornell University in 1941. She taught at Cushing Academy and from 1943 to 1948 was a faculty member at Smith College, Northampton, Mass. Later she taught at Ithaca College in Ithaca, N. Y. She also served for a number of years as an editor of the Cornell University Press and was a highly successful free-lance editor thereafter. In 1948 she married the late F. Barron Freeman of Ithaca, N. Y., where she lived until her return to Bethel in early 1974. She had two sons, Barrie and Jim Freeman.

Mary was a fine scholar and an excellent teacher. She had the gift of thorough and meticulous workmanship combined with rare sensitivity and creative imagination. In the field of literary criticism she was outstanding and throughout her life she was a serious student of comparative literature.

Her greatest personal and scholarly interest in recent years was in gardening in which she became a recognized authority on rock gardens, contributing frequently to the professional journals in this field. She learned to garden as a child and like her mother had an instinctive sense of what flowers need and where each will thrive. With love and care she worked in her own garden and found much satisfaction in planning for future beauty.

In a closely knit and affectionate family Mary was particularly loved. She was kind and gentle with a transcending sweetness of disposition and a happy spirit. She was always helpful and worked unselfishly for others in their work and enthusiasms. It was always fun to be with Mary—to walk with her, to work in the garden, to ride through the Bethel area which she so deeply loved. She was so observant, so quick to notice the rare plant under the leaves, or the tiny fern growing on the rocks. She saw nature and life with her eyes but also with her understanding and her heart. Always her companions were cheered and illuminated by her courageous and lovely spirit.

She is survived by her two sons, Barrie and Jim, her mother, Mrs. R. R. Tibbetts and her sister, Margaret Joy Tibbetts, all of Bethel. Contributions in her memory may be made to The Bethel Historical Society.

PACK #566 — CUB SCOUTS

Bethel Cub Scouts, Pack #566, held their monthly Pack Meeting on Tuesday, Oct. 28, at the Bethel Savings Bank. Both Dens #1 and #3 presented musical selections on their special "Den-Made" instruments. The October theme was "The World of Sound" and they made some great, natural sounds. Cubmaster Al Barth welcomed five new Bobcats into the Pack and presented them their Bobcat Badges. Three of these new Scouts will be starting on the Wolf Trail and two on the Bear Trail. Welcome to Ken Whitney, Scott Brown and Brent Bacheider of Den 4, and Eric Froberg and Kevin Van Deuren of the Bears Den #1. Receiving one silver arrow each for completing ten electives were Donald Barker, Andy Wheeler and Stephen Snyder. All the Webelos from Mike Blaisdell's and Len Shaw's Dens received their colors: Larry Hudson, Bryan O'Donnell, Eddie Greenleaf, Mike Taylor, Karl Barth, Bob Chadbourne, Richard Saunders and Brent Godwin. In addition, Richard Saunders received a two year service star and Mike Taylor received two silver arrows and his citizen activity pin. An early morning fire destroyed five camps at Howard Pond last Wednesday. Apparently a tree had fallen on one of the lines. It was live and sparks were flying onto trees and wood. The fire soon spread to the camps. There was a big explosion when the fire reached the gas tank on one of the houses. Some people could feel the explosion clear down in Rumford Point. The fire had been burning an estimated half hour when the people noticed it. Robert Brown called in the fire. The Hanover engine was there and also the Rumford truck. The Forestry Service and Central Maine Power were there, also. The fire was under control by 3:30 a. m. The camp owners are Howard Durrell of Norway; George Hayden from Poland; William Metze of Berlin, N. H.; Robert Lapointe of Rumford; and Alton Dollof of Hanover.
